stainless steel

Stainless steel is a first-class material both in terms of quality and safety and it offers extraordinary performance: it ensures long durability and a highest resistance to corrosion from external agents which helps maintain its features over time.

Stainless Steel is an eco-friendly and recyclable material. It guarantees maximum hygiene, easy maintenance and cleaning. The range of AISI 316 and 316L stainless steel products is a distinctive feature of the company, together with the lead-free products.

lead free

To safeguard consumer health and comply with NSF/ANSI/CAN 372, one of the most stringent and advanced standards concerning the release of heavy metals in water, all mixer surfaces that are in contact with drinking water use Lead Free brass, with a lead concentration below 0.25%.

italian manufacturing

Fantini is a typical 'Italian Design Factory' with a defined, unique identity.

Our high-quality designer taps originate in Italy and are manufactured entirely in Italy according to an advanced industrial process but finished with artisanal ability. Quality is a core value of the company that involves the entire process of creation, research, testing, and production with the objective of maximum care and attention to the consumer.

Fantini products are today recognised internationally as a reference for trends in the sector.

Q8 - Raw Metal PVD

Physical Vapor Deposition (PVD) is a technique used to apply a thin-film coating to a surface, creating a hard, durable, and hypoallergenic finish.

Thanks to these qualities, the technique is used in a wide variety of applications, from everyday objects like drill bits and cutlery to jewelry and fashion complements, and even parts for the automotive and aerospace industry.

The process takes place in high-vacuum chambers that are heated to temperatures between 200° and 400° C (400° and 900° F). In these chambers, metal vapors are deposited on electrically charged substrates through a double process of sublimation and condensation.

The Fantini range offers seven options of PVD finishes, each with a refined and contemporary look that makes them suitable for both modern and traditional aesthetics.

prizes and acknowledgments

Fantini was awarded with several Prizes and Acknowledgments worldwide and recognized by some of the most important Museums in the world, among which is the MoMA in New York, where our Calibro has been displayed since 1983.

ABOUTWATER

Boffi

FANTINI
RUBINETTI

L’acqua è la nostra materia prima. Sulle forme dell’acqua, entrambi da tempo spendiamo pensieri, progetti, energie. E nel tempo, osservandoci l’un l’altro, abbiamo scoperto di avere molte cose in comune. E di condividere idee e ideali, obiettivi e atteggiamenti. Così, è stato quasi naturale decidere di unire le nostre forze. Da queste forze è nato Aboutwater. Aboutwater è l’alleanza di due imprese leader: Boffi e Fantini. Un’alleanza che si fonda sull’idea di proporre al mercato linee di rubinetteria connotate da raffinatezza e modernità del disegno, eccellenza progettuale, accuratezza nella realizzazione. Aboutwater comprende le linee di rubinetteria disegnate da progettisti di fama internazionale: AF/21 di Naoto Fukasawa, AL/23 di Piero Lissoni, AK/25 di Paik Sun Kim, premio Compasso d’Oro 2020 e AA/27 di Michael Anastassiades. Nel 2023 sono confluite nel catalogo le Ex.Series, tre progetti già storicamente presenti nella collezione Boffi: Pipe, design Marcel Wanders; Eclipse, design Studiocharlie, premio Compasso d’Oro 2018; Garden, design Piero Lissoni.

Water is one of the essential elements we are made of. We have both been spending energies, thoughts and projects about the shapes of water. By observing each other we have realized we have a lot in common, sharing ideals, ideas, aims and attitudes. That is why it has been natural to join together and create the Aboutwater project. Aboutwater is a partnership between two leading companies: Boffi and Fantini.
The partnership is based on the concept of creating a new collection of faucets and shower systems with a modern and elegant design, conceptually excellent and flawless. Aboutwater includes taps lines designed by internationally renowned designers: AF/21 by Naoto Fukasawa, AL/23 by Piero Lissoni, AK/25 by Paik Sun Kim, Compasso d’Oro 2020 Award and AA/27 by Michael Anastassiades. In 2023, three projects already historically present in the Boffi collection have joined the Ex.Series catalog: Pipe designed by Marcel Wanders, Eclipse designed by Studiocharlie and winner of the Compasso d’Oro 2018 Award, Garden designed by Piero Lissoni.

Aboutwater est le résultat de l’alliance de deux grandes sociétés: Boffi et Fantini. L’eau est notre matière première. Nos deux sociétés investissent depuis longtemps dans des idées, des projets et des énergies sur ce sujet. Nous avons découvert que nous partagions des idées, des objectifs et une attitude entrepreneuriale.
Il était donc presque naturel de décider de créer un projet commun. Aboutwater est basé sur l’idée de proposer sur le marché des séries de robinetterie haut de gamme, caractérisées par un design moderne, une excellence dans le design et une qualité absolue des réalisations. Aboutwater intègre des lignes de robinetterie conçues par des designers de renommée internationale : AF/21 de Naoto Fukasawa, AL/23 de Piero Lissoni, AK/25 de Paik Sun Kim, prix Compasso d’Oro 2020 et AA/27 de Michael Anastassiades. En 2023, les Ex.Series, trois projets déjà historiquement présents dans la collection Boffi ont été intégrés au catalogue : Pipe, design Marcel Wanders; Eclipse, design Studiocharlie, prix Compasso d’Oro 2018; Garden, design Piero Lissoni.

Aboutwater ist das Ergebnis der Allianz zwischen zwei führenden Unternehmen: Boffi und Fantini.
Wasser ist unsere Essenz. Beide Unternehmen haben Gedanken, Projekte und Energie in dieses zentrale Thema investiert. Wir haben herausgefunden, dass wir Ideen, Ziele und unternehmerische Einstellungen teilen. Es war daher fast selbstverständlich, ein gemeinsames Projekt ins Leben zu rufen. Aboutwater basiert auf der Idee, dem Markt hochwertige Armaturenkollektionen mit excellentem Design, hervorragender Produktqualität und höchster Fertigungsqualität anzubieten. Aboutwater umfasst Armaturenserien von international renommierten Designern: AF/21 von Naoto Fukasawa, AL/23 von Piero Lissoni, AK/25 von Paik Sun Kim, Compasso d’Oro 2020 und AA/27 von Michael Anastassiades. Im Jahr 2023 wurden die Ex.Series in den Katalog aufgenommen, drei Projekte, die bereits historisch in der Boffi-Kollektion präsent waren: Pipe, Design Marcel Wanders; Eclipse, Design Studiocharlie, Preis Compasso d’Oro 2018; Garden, Design Piero Lissoni.

Aboutwater es el resultado de la alianza de dos compañías lideres: Boffi y Fantini. El agua es nuestra materia prima. Sobre este tema, nuestras dos empresas han estado invirtiendo desde hace tiempo pensamientos, proyectos, energías. Hemos descubierto que compartimos ideas, objetivos, y actitud empresarial. Por lo tanto, ha sido casi natural decidir crear un proyecto común. Aboutwater se basa en la idea de ofrecer al mercado líneas de grifería de alta gama, caracterizadas por la modernidad del diseño, la excelencia del proyecto, y la absoluta calidad de su realización. Aboutwater incluye las líneas de grifería creadas por diseñadores de fama internacional: AF/21 de Naoto Fukasawa, AL/23 de Piero Lissoni, AK/25 de Paik Sun Kim, premio Compasso d’Oro 2020 y AA/27 de Michael Anastassiades. En 2023 se incorporaron al catálogo las Ex.Series, tres proyectos ya históricamente presentes en la colección Boffi: Pipe, design Marcel Wanders; Eclipse, design Studiocharlie, premio Compasso d’Oro 2018; Garden, design Piero Lissoni.

ABOUTWATER Boffi FANTINI RUBINETTI

Boffi e Fantini, due realtà consolidate del design italiano
Entrambe le aziende hanno maturato negli anni un'indiscussa leadership nel proprio settore, fondata e consolidata sull'eccellenza produttiva, sulla creatività e su una forte internazionalizzazione di mercato. Pur essendo entrambe realtà industriali di respiro globale, hanno conservato la passione per il lavoro ben fatto delle loro origini artigianali, facendone uno degli elementi cardine del loro vantaggio competitivo.
Boffi è un marchio riconosciuto a livello globale per l'arredamento di cucina, bagno e sistemi di alta gamma. Da decenni è stimata come azienda innovativa non solo nel design e nella produzione, ma anche nel modello distributivo, nella comunicazione e nell'organizzazione. Tradizionalmente attiva nel settore cucina, per le quali è stata insignita del Compasso d'Oro alla carriera, dalla fine degli anni Novanta è entrata con determinazione nel settore bagno, creando, insieme a nuovi prodotti di grande raffinatezza estetica e tecnologica, un approccio al mercato completamente nuovo.
Fantini è sinonimo di ricerca estetica e perfezione tecnologica nella rubinetteria di alta gamma. Nata nel 1951, ha saputo nel tempo conquistare i segmenti più esigenti del mercato grazie a un know-how ineguagliabile e alla collaborazione con designer di grande calibro. Numerosi i premi e riconoscimenti a livello internazionale.

Boffi and Fantini, two consolidated realities of the Italian design.
Both companies have achieved undisputed leaderships in their respective industries, thanks to excellent production qualities, a high level of creativity and a strong international profile. In spite of their international presence, Boffi and Fantini preserve their passion for properly-made projects and inheritance of their artisan origins, to make this enthusiasm the key point for their competitive advantage.
Boffi is known worldwide for its high end furniture for kitchen, bathroom and systems. The company has been held in high esteem for decades as an innovative firm in not only design and production, but also in distribution, communication and production management. Boffi has traditionally worked in the kitchen industry, winning the Compasso d'Oro career award and moving in the 1990s into the bathroom sector; this expansion led not only to new products but also to aesthetic and technological refinements, resulting in a brand new approach to the market.
Fantini represents cutting edge aesthetic research and technological perfection in the high-end faucets. Founded in 1951, Fantini has become a leader in the most demanding segment of the market, thanks to an incomparable know-how and collaborations with famous designers, Fantini has won several international awards and acknowledgements.

Boffi et Fantini, deux réalités solidement établies du design italien.
Au fil des ans, Boffi et Fantini sont devenus des leaders incontestés dans leur secteur, grâce à l'excellence de leur production, à leur créativité, ainsi qu'à une forte internationalisation de marché. Les deux entreprises, bien qu'étant des réalités industrielles d'envergure globale, ont su cependant conserver la passion pour le travail bien fait de leurs origines artisanales, dont elles ont fait un des points forts de leur leadership.
Boffi est une marque reconnue au niveau global pour le mobilier de cuisine et de salle de bains et les systèmes haut de gamme. Elle est considérée depuis plusieurs dizaines d'années comme une entreprise innovante non seulement dans le design et la production, mais aussi dans le modèle de distribution, dans la communication et dans l'organisation de la production. Traditionnellement active dans le secteur de la cuisine, pour laquelle elle a reçu la distinction du Compasso d'Oro, elle a fait une entrée en force à la fin des années quatre-vingt-dix dans le secteur de la salle de bains, en créant, en même temps que de nouveaux produits hautement raffinés du point de vue de l'esthétique et de la technologie, une approche au marché complètement nouvelle.
Fantini est synonyme de recherche esthétique et de perfection technologique dans la robinetterie haut de gamme. Née en 1951, a su au fil du temps conquérir les parts du marché les plus exigeantes grâce à un savoir-faire inégalable et à la collaboration avec des designers de renom. Nombreux prix et distinctions au niveau international.

Boffi und Fantini, zwei konsolidierte Größen des italienischen Designs.
Beide Unternehmen haben sich durch exzellente Produktionsqualitäten, ein hohes Maß an Kreativität und ein starkes internationales Profil die unbestrittene Marktführerschaft in ihren jeweiligen Branchen erarbeitet. Trotz ihrer internationalen Präsenz bewahren Boffi und Fantini ihre Leidenschaft für maßgeschneiderte Projekte und das Erbe ihrer handwerklichen Herkunft, um diese Begeisterung zu ihrem Schlüsselpunkt für ihren Wettbewerbsvorteil zu machen.
Boffi ist weltweit bekannt für seine hochwertigen Möbel für Küche, Bad und Systeme. Als innovatives Unternehmen wird das Unternehmen seit Jahrzehnten nicht nur in den Bereichen Design und Produktion, sondern auch in den Bereichen Vertrieb, Kommunikation und Produktionsmanagement geschätzt. Boffi ist traditionell in der Küchenindustrie tätig, gewann den Compasso d'Oro Karrierepreis und wechselte in den 90er Jahren in den Badbereich; diese Expansion führte nicht nur zu neuen Produkten, sondern auch zu ästhetischen und technologischen Verfeinerungen, die in einer brandneuen Marktbearbeitung resultierten.
Fantini steht für modernste ästhetische Forschung und technologische Perfektion im Bereich der hochwertigen Armaturen. Fantini wurde 1951 gegründet und hat dank eines unvergleichlichen Know-hows und der Zusammenarbeit mit berühmten Designern, mehrere internationale Preise und Auszeichnungen erhalten.

Boffi y Fantini, dos realidades consolidadas del diseño italiano.
A lo largo de los años, ambas firmas han madurado un liderazgo indiscutible en su sector, que se basa y consolida en la excelencia productiva, en la creatividad y en una intensa internacionalización de mercado. Sin embargo, aunque ambas empresas poseen una envergadura global, han conservado el amor por el trabajo bien hecho, tal como en sus orígenes artesanales y han convertido esta característica en uno de los elementos clave de su ventaja competitiva.
Boffi es una marca conocida mundialmente, en el sector de la decoración de la cocina y el baño y en el de los sistemas de gama alta. Desde hace décadas, se la estima por ser una firma innovadora no sólo en el diseño y la producción sino también en el de la comunicación y la organización de la producción. Boffi opera en el sector de la Cocina de toda la vida. Su labor en este ámbito le valió el Compasso d'Oro a su trayectoria. A fines de los años 90, entró briosamente en el sector del Baño, para crear no sólo nuevos productos que destacan por su estética de lo más refinada sino una manera de dirigirse al mercado completamente nueva.
Fantini es sinónimo de investigación en el terreno de la estética y de perfección tecnológica en el ámbito de la grifería de gama alta. Fue fundada en 1951 y, año tras año, ha sabido conquistar los segmentos más exigentes del mercado, gracias a un know how inigualable y a la colaboración de destacados diseñadores. Numerosos premios y reconocimientos a nivel internacional.

EX. SERIES

Ex.Series identifica tre progetti già storicamente presenti nella collezione Boffi che confluiscono dal 2023 all'interno del catalogo ABOUTWATER Boffi Fantini: PIPE, design Marcel Wanders; ECLIPSE, design Studiocharlie, premio Compasso d'Oro nel 2018; GARDEN, design Piero Lissoni. La collezione già esistente viene così implementata con tre tipologie emblematiche della rubinetteria in grado di rispondere sempre meglio alle esigenze del mercato internazionale di alta gamma.

Ex.Series indentifies three projects historically already present in the Boffi collection and that will be included in the ABOUTWATER Boffi Fantini 2023 catalog: PIPE, design Marcel Wanders; ECLIPSE, design Studiocharlie, winner of the Compasso d'Oro award in 2018; GARDEN, design Piero Lissoni. The already existing collection is completed with three feature signatures of taps, able to best meet the needs of the international high-end market.

Ex.Series identifie trois projets historiquement présents dans la collection Boffi, qui à partir de 2023 viendront se fondre dans le catalogue ABOUTWATER Boffi Fantini: PIPE, design Marcel Wanders; ECLIPSE , design Studiocharlie, gagnant du prix Compasso d'Oro en 2018; GARDEN, design Piero Lissoni. La collection existante vient ainsi s'enrichir de trois typologies emblématiques de la robinetterie capables de répondre encore mieux aux besoins du marché internationnal haut de gamme.

Ex.Series umfasst drei Projekte, die bereits historisch in der Kollektion Boffi vertreten waren und ab 2023 im Katalog ABOUTWATER Boffi Fantini zusammengefasst werden: PIPE, Design Marcel Wanders; ECLIPSE, design Studiocharlie, Gewinner des Compasso d'Oro 2018; GARDEN, Design Piero Lissoni. Die bestehende Kollektion wird somit durch drei Armaturentypen mit Symbolcharakter ergänzt, die den Anforderungen des internationalen High-End Marktes gerecht werden.

Ex.Series identifica tres proyectos ya históricamente presentes en la colección de Boffi que confluyen desde el 2023 en el catálogo ABOUTWATER Boffi Fantini: PIPE, diseño Marcel Wanders; ECLIPSE, design Studiocharlie, premio Compasso d'Oro en 2018; GARDEN, diseñado por Piero Lissoni. La colección ya existente se implementa así con tres tipologías emblemáticas de grifería capaces de responder cada vez mejor a las necesidades del mercado internacional de alta gama.

AW/PIPE MARCEL WAN-DERS

Un disegno iconico dalle dimensioni fuori scala che evoca l’estetica dei prodotti d’uso industriale.
An iconic design with out of scale dimensions and which recalls to the industrial products aesthetic.

MATERIALI
Materials / Matériaux / Materialien / Materiales

OTTONE / BRASS / LAITON / MESSING / LATÓN

Nel rispetto della normativa NSF/ANSI 372 degli Stati Uniti, attualmente la più avanzata norma internazionale a tutela della salute dei consumatori, le superfici dei rubinetti da lavabo e da cucina a contatto con l'acqua potabile non contengono piombo in misura superiore allo 0,25%.
In ottone lead free sono realizzati i prodotti delle serie AF/21, AL/23, AK/25, AL/GARDEN.

Complying with US standard NSF/ANSI 372, which is currently the most advanced international standard to safeguard consumer health, washbasin and kitchen mixers meant to be in contact with drinking water do not contain lead at levels higher than 0.25%.
The products of the series AF/21, AL/23, AK/25, AL/GARDEN are made of lead free brass.

Conformes à la norme NSF/ANSI 372 des Etats-Unis, la plus sévère de toutes les normes internationales en matière de protection de la santé des utilisateurs, les parties des robinets pour lavabo et éviers, pour la cuisine, entrant en contact avec l'eau potable présentent une teneur maximale de plomb égale à 0,25%.
Les produits des séries AF/21, AL/23, AK/25, AL/GARDEN sont réalises en laiton lead free.

Gemäß der US-Norm NSF/ANSI 372, der derzeit fortschrittlichsten internationalen Norm zum Schutz der Verbrauchergesundheit, dürfen Waschtischmischer und Küchenmischer aus Messing, die mit Trinkwasser in Berührung kommen, nicht mehr als 0,25% Blei enthalten.
Die Produkte der Serien AF/21, AL/23, AK/25, AL/GARDEN sind aus bleifreiem Messing gefertigt.

En conformidad con la normativa NSF/ANSI 372 de Estados Unidos, que es actualmente el estándar internacional más avanzado para la protección de la salud de los consumidores, las partes de los grifos de lavabo y de cocina en contacto con el agua potable no contienen plomo en una cantidad que exceda el 0,25%.
Los productos de las series AF/21, AL/23, AK/25, AL/GARDEN son realizados en latón lead free.

lead free

ACCIAIO INOSSIDABILE / STAINLESS STEEL / ACIER INOXYDABLE / ROSTFREIER STAHL / ACERO INOXIDABLE

Materiale eccellente sia sotto il profilo della qualità che della sicurezza, l'acciaio inossidabile ha prestazioni straordinarie: è di lunga durata per la sua robustezza e mantiene le sue caratteristiche nel tempo grazie ad un'alta resistenza alla corrosione degli agenti esterni.
É un materiale ecologico, riciclabile. Garantisce massima igiene e facilità di mantenimento e pulizia.
In acciaio inossidabile sono realizzati i prodotti delle serie AF/21, AA/27, AW/PIPE, AC/ECLIPSE.

A first-class material both in terms of quality and safety, stainless steel offers extraordinary performances. Being compact and solid, it ensures long durability and offers the highest resistance to corrosion from external agents which helps maintain its features over time.
This is an eco-friendly and recyclable material. It guarantees the maximum hygiene and easy maintenance and cleaning.
The products of the series AF/21, AA/27, AW/PIPE, AC/ECLIPSE are made of stainless steel.

Matériau d'excellence en terme de qualité et de sécurité, l'acier inoxydable dispose d'extraordinaires avantages tels que, sa robustesse et son maintient dans le temps, ainsi que sa haute résistance à la corrosion et aux agents externes. L'acier inoxydable est un matériau, recyclable qui assure une hygiène maximale et facilite l'entretien au quotidien.
Les produits des séries AF/21, AA/27, AW/PIPE, AC/ECLIPSE sont réalisés en acier inoxydable.

Edelstahl ist ein erstklassiger Werkstoff in Bezug auf Qualität und Sicherheit und bietet außergewöhnliche Leistungen. Da er kompakt und robust ist, gewährleistet er eine lange Lebensdauer und bietet die höchste Korrosionsbeständigkeit gegen äußere Einflüsse, was dazu beiträgt, seine Eigenschaften über einen langen Zeitraum zu erhalten.
Edelstahl ist ein umweltfreundliches und recycelbares Material.
Es garantiert maximale Hygiene und einfache Wartung und Reinigung.
Die Produkte der Serien AF/21, AA/27, AW/PIPE, AC/ECLIPSE sind in Edelstahl ausgeführt.

Material excelente, sea bajo el perfil de la calidad que el de la seguridad, el acero inoxidable tiene prestaciones extraordinarias: es de larga duración por su robustez y mantiene sus características en el tiempo gracias a una elevada resistencia a la corrosión de los agentes externos. Es un material ecológico, reciclable. Garantiza una máxima higiene y es de fácil mantenimiento y limpieza.
Los productos de las series AF/21, AA/27, AW/PIPE, AC/ECLIPSE sono realizados en Acero Inoxidable.

FINITURE PVD
Finishing / Finitions / Oberflächen / Acabados

Matt Gun Metal PVD / Matt Copper PVD / Matt British Gold PVD / Deep Black PVD sono ottenute con trattamento PVD (Physical Vapor Deposition), letteralmente "deposizione fisica attraverso vapore".
É un metodo per la deposizione di film sottili sugli oggetti metallici in fase di sottovuoto che mantiene la superficie degli stessi inalterata nel tempo. Utilizzato anche in campo aerospaziale e biomedicale, permette di ottenere diverse sfumature di colori con caratteristiche di atossicità e biocompatibilità. Le finiture PVD sono disponibili per le serie AF/21, AK/25 (P5), AA/27 (P5), AW/PIPE (P5), AL/GARDEN (P5,S1), AC/ECLIPSE (P5).

Matt Gun Metal PVD / Matt Copper PVD / Matt British Gold PVD / Deep Black PVD are all obtained with PVD (Physical Vapour Deposition) treatment. This is a method of deposition of a thin film onto metal objects in a vacuum phase that keeps the surface unaltered.
Also used in the aerospace and biomedical fields, it allows various colour tones to be obtained with characteristics of atoxicity and biocompatibility. PVD finishes are available on the AF/21, AK/25 (P5), AA/27(P5), AW/PIPE (P5), AL/GARDEN (P5,S1), AC/ECLIPSE (P5).

Matt Gun Metal Pvd / Matt Copper PVD / Matt British Gold Pvd / Deep Black PVD ces teintes sont obtenues avec le traitement PVD (Physical Vapor Deposition) qui signifie littéralement «dépôt physique à travers vapeur». C'est une méthode de dépôt sous vide de films minces sur les objets métalliques, qui maintient la surface de ces derniers inaltérée. Utilisée également dans l'aérospatiale et dans le domaine biomédical, cette technique permet d'obtenir différentes nuances de couleurs présentant des propriétés atoxiques et biocompatibles. Les finitions PVD sont disponibles pour les séries AF/21, AK/25 (P5), AA/27(P5), AW/PIPE (P5), AL/GARDEN (P5,S1), AC/ECLIPSE (P5).

Die Oberflächen Matt Gun Metal PVD / Matt Copper PVD / Matt British Gold PVD / Deep Black PVD warden alle mit einer PVD Beschichtung (Physical Vapour Depostiion) hergestellt. Dies ist ein Vakuumverfahren, zum Aufbringen eines dünnen Films auf Metallobjekte, das die Oberfläche unverändert hält. Dieses Verfahren wird auch in der Luft- und Raumfahrt und in der Biomedizin eingesetzt und ermöglicht die Herstellung verschiedener Farbtöne mit Eigenschaften wie Atoxizität und Biokompatibilität. PVD-Oberflächen sind für die Serien AF/21, AK/25 (P5), AA/27 (P5), AW/PIPE (P5), AL/GARDEN (P5,S1), AC/ECLIPSE (P5) erhältlich.

Matt Gun Metal PVD / Matt Copper PVD / Matt British Gold PVD / Deep Black PVD se realizan por medio del tratamiento PVD (deposición física de vapor). Mediante este método, se consigue efectuar al vacío la deposición de películas de un espesor muy fino sobre objetos metálicos. Merced a ello, la superficie de los objetos no se altera. Utilizada también en el sector aeroespacial y biomédico, permite obtener diversos tonos de colores con características de atoxicidad y biocompatibilidad.
Los acabados PVD están disponibles para las series AF/21, AK/25 (P5), AA/27(P5), AW/PIPE (P5), AL/GARDEN (P5,S1), AC/ECLIPSE (P5).

CERTIFICAZIONI
Certificates / Certifications / Zertifikate / Certificaciones

Fantini vanta un primato di qualità nella ricerca, nel processo produttivo e nel design. Realizza i suoi prodotti avvalendosi di un ciclo di produzione interno all'azienda, utilizzando impianti tecnologicamente evoluti.
La funzionalità e robustezza dei suoi prodotti sono certificati da istituti di controllo di valore assoluto e riconosciuti nel mondo.
Fantini su richiesta fornisce rubinetti e docce che danno un contributo al punteggio necessario per far ottenere all'edificio la certificazione LEED (Leadership in Energy and Environmental Design).

Fantini boasts a leading role in the research for quality design and production. Our products, undergot to a production cycle entirely accomplished inside our own factory by means of hightech equipment, are certified for their performance and solidity by the most important and renowned Certifying Institutes in the world.
On request, Fantini supplies taps and showers that contribute to reach the necessary score for the building to obtain LEED (Leadership in Energy and Environmental Design) certification.

Fantini a une place de mérite dans la recherche, le procédé de fabrication et le design. Fantini fabrique ses produits à travers un cycle de production interne à l'usine, en utilisant des unités de production technologiquement avancées.
La fonctionnalité et la robustesse de ses produits sont certifiés par les plus importants Instituts de Contrôle de grande valeur et reconnus dans le monde entier.
Sur demande, Fantini fournit des robinets et des douches qui contribuent à l'obtention de la certification LEED (Leadership in Energy and Environmental Design) pour le bâtiment dans lequel ils sont posés.

Fantini nimmt eine führende Rolle in der Forschung für Qualitätsdesign und -Produktion ein. Unsere Produkte, die einen Produktionszyklus durchlaufen, der vollständig in unserer eigenen Fabrik mit Hilfe von Hightech-Geräten durchgeführt wird, werden von den wichtigsten und renommiertesten Zertifizierungsinstituten der Welt für ihre Leistung und Solidität zertifiziert.
Auf Anfrage liefert Fantini Wasserhähne und Duschen, die dazu beitragen, die für die LEED-Zertifizierung (Leadership in Energy and Environmental Design) des Gebäudes erforderliche Punktzahl zu erreichen.

Fantini destaca por su calidad y su innovación en el proceso de producción y en el diseño. Realiza sus productos valiéndose de un ciclo de producción interno en la empresa, utilizando maquinaria de tecnología avanzada. La funcionalidad y robustez de sus productos están certificados por institutos de control de valor absoluto y reconocidos en el mundo.
Fantini bajo pedido suministra grifería y duchas que contribuyen a la puntuación necesaria para que el edificio obtenga la certificación LEED (Leadership in Energy and Environmental Design).

ART. A513B+A513A
Miscelatore lavabo da parete, interasse bocca 21,5 cm, senza scarico / Cartuccia tradizionale.
Wall-mount washbasin mixer, spout projection 21,5 cm, without waste / Traditional cartridge.
Mitigeur lavabo mural, entraxe bec 21,5 cm, sans vidage / Cartouche traditionelle.
Wandwaschtischmischer, Achsabstand Auslauf 21,5 cm, ohne ablauf / Standardkartusche.
Monomando lavabo a pared, distancia a chorro 21,5 cm, sin desagüe / Cartucho tradicional.

ART. A613B+A613A
Miscelatore lavabo da parete, interasse bocca 21 cm, senza scarico / Cartuccia tradizionale.
Wall-mount washbasin mixer, spout projection 21 cm, without waste / Traditional cartridge.
Mitigeur lavabo mural, entraxe bec 21 cm, sans vidage / Cartouche traditionelle.
Wandwaschtischmischer, Achsabstand Auslauf 21 cm, ohne ablauf / Standardkartusche.
Monomando lavabo a pared, distancia a chorro 21 cm, sin desagüe / Cartucho tradicional

ART. A736B+3336A
Miscelatore lavabo da pavimento, interasse bocca 19 cm, senza scarico / Cartuccia tradizionale.
Floor-mount washbasin mixer, spout projection 19 cm, without waste / Traditional cartridge.
Mitigeur lavabo installation au sol, entraxe bec 19 cm, sans vidage / Cartouche traditionelle.
Bodenstand-Waschtischmischer, Achsabstand Auslauf 19 cm, ohne ablauf / Standardkartusche.
Monomando lavabo a suelo, distancia a chorro 19 cm, sin desagüe / Cartucho tradicional.

ART. A204WF
Gruppo lavabo 3 fori, bocca: interasse 15,5 cm, h. 18 cm, senza scarico / Vitoni ceramici.
3-hole washbasin mixer, spout projection 15,5 cm, h. 18 cm, without waste / Ceramic cartridges.
Mélangeur lavabo 3 trous, entraxe bec 15,5 cm, h. 18 cm, sans vidage / Têtes céramiques.
3-Loch-Waschtischmischer, Achsabstand Auslauf 15,5 cm, H. 18 cm, ohne ablauf / Keramikoberteil.
Batería lavabo 3 elementos, distancia a chorro 15,5 cm, h. 18 cm, sin desagüe / Cartuchos de disco cerámico.

ART. A204WFCX
Gruppo lavabo 3 fori, maniglie in Marmo Bianco Carrara, bocca: interasse 15,5 cm, h. 18 cm, senza scarico / Vitoni ceramici.
3-hole washbasin mixer, handles in Carrara White Marble, spout projection 15,5 cm, h. 18 cm, without waste / Ceramic cartridges.
Mélangeur lavabo 3 trous, manettes en Marbre Blanc De Carrara, entraxe bec 15,5 cm, h. 18 cm, sans vidage / Têtes céramiques.
3-Loch-Waschtischmischer, Griffe aus Weißem Carrara Marmor, Achsabstand Auslauf 15,5 cm, H. 18 cm, ohne ablauf / Keramikoberteil.
Batería lavabo 3 elementos, manetas en Mármol Blanco Carrara, distancia a chorro 15,5 cm, h. 18 cm, sin desagüe / Cartuchos de disco cerámico.

ART. A204WFCY
Gruppo lavabo 3 fori, maniglie in Marmo Nero Marquinia, bocca: interasse 15,5 cm, h. 18 cm, senza scarico / Vitoni ceramici.
3-hole washbasin mixer, handles in Marquina Black Marble, spout projection 15,5 cm, h. 18 cm, without waste / Ceramic cartridges.
Mélangeur lavabo 3 trous, manettes en Marbre Noir Marquinia, entraxe bec 15,5 cm, h. 18 cm, sans vidage / Têtes céramiques.
3-Loch-Waschtischmischer, Griffe aus Schwarzen Marquinia Marmor Achsabstand Auslauf 15,5 cm, H. 18 cm, ohne ablauf / Keramikoberteil.
Batería lavabo 3 elementos, manetas en Mármol Negro Marquinia, distancia a chorro 15,5 cm, h. 18 cm, sin desagüe / Cartuchos de disco cerámico.

ART. A206WF
Gruppo lavabo alto 3 fori, interasse bocca 15,5 cm, h. 24 cm, senza scarico / Vitoni ceramici.
3-hole high washbasin mixer, spout projection 15,5 cm, h. 24 cm, without waste / Ceramic cartridges.
Mélangeur lavabo 3 trous bec surélevé, entraxe bec 15,5 cm, h. 24 cm, sans vidage / Têtes céramiques.
3-Loch-Waschtischmischer hoch, Achsabstand Auslauf 15,5 cm, H. 24 cm, ohne ablauf / Keramikoberteil.
Batería lavabo alto 3 elementos, distancia a chorro 15,5 cm, h. 24 cm, sin desagüe / Cartuchos de disco cerámico.

ART. A206WFCX
Gruppo lavabo alto 3 fori, maniglie in Marmo Bianco Carrara, interasse bocca 15,5 cm, h. 24 cm, senza scarico / Vitoni ceramici.
3-hole high washbasin mixer, handles in Carrara White Marble, spout projection 15,5 cm, h. 24 cm, without waste / Ceramic cartridges.
Mélangeur lavabo 3 trous bec surélevé, manettes en Marbre Blanc De Carrara, entraxe bec 15,5 cm, h. 24 cm, sans vidage / Têtes céramiques.
3-Loch-Waschtischmischer hoch, Griffe aus Weißem Carrara Marmor, Achsabstand Auslauf 15,5 cm, H. 24 cm, ohne ablauf / Keramikoberteil.
Batería lavabo alto 3 elementos, manetas en Mármol Blanco Carrara, distancia a chorro 15,5 cm, h. 24 cm, sin desagüe / Cartuchos de disco cerámico.

ART. A206WFCY
Gruppo lavabo alto 3 fori, maniglie in Marmo Nero Marquinia, interasse bocca 15,5 cm, h. 24 cm, senza scarico / Vitoni ceramici.
3-hole high washbasin mixer, handles in Marquina Black Marble, spout projection 15,5 cm, h. 24 cm, without waste / Ceramic cartridges.
Mélangeur lavabo 3 trous bec surélevé, manettes en Marbre Noir Marquinia, entraxe bec 15,5 cm, h. 24 cm, sans vidage / Têtes céramiques.
3-Loch-Waschtischmischer hoch, Griffe aus Schwarzen Marquinia Marmor, Achsabstand Auslauf 15,5 cm, H. 24 cm, ohne ablauf / Keramikoberteil.
Batería lavabo alto 3 elementos, manetas en Mármol Negro Marquinia, distancia a chorro 15,5 cm, h. 24 cm, sin desagüe / Cartuchos de disco cerámico.

ART. A813B+R010A
Gruppo lavabo da parete, interasse bocca 21,5 cm, senza scarico / Vitoni ceramici.
Wall-mount washbasin mixer, spout projection 21,5 cm, without waste / Ceramic cartridges.
Mélangeur lavabo mural, entraxe bec 21,5 cm, sans vidage / Têtes céramiques.
Wandwaschtischmischer, Achsabstand Auslauf 21,5 cm, ohne ablauf / Keramikoberteil.

ART. A265
Gruppo bordo vasca, interasse bocca 15,5 cm, deviatore a pulsante a 2 uscite / Vitoni ceramici.
Deck-mount bathtub mixer, spout projection 15,5 cm, 2-way diverter with pushing button / Ceramic cartridges.
Mélangeur bain-douche sur gorge, entraxe bec 15,5 cm, inverseur 2 sorties avec bouton / Têtes céramiques.
Wannenrandmischer, Achsabstand Auslauf 15,5 cm, Umsteller mit Drucktaste 2-Wege / Keramikoberteil.
Grupo bañera repisa, distancia a chorro 15,5 cm, desviador con pulsador 2 salidas / Cartuchos de disco cerámico.

ART. A265CX
Gruppo bordo vasca, maniglie in Marmo Bianco Carrara, interasse bocca 15,5 cm, deviatore a pulsante a 2 uscite / Vitoni ceramici.
Deck-mount bathtub mixer, handles in Carrara White Marble, spout projection 15,5 cm, 2-way diverter with pushing button / Ceramic cartridges.
Mélangeur bain-douche sur gorge, manettes en Marbre Blanc De Carrara, entraxe bec 15,5 cm, inverseur 2 sorties avec bouton / Têtes céramiques.
Wannenrandmischer, Griffe aus Weißem Carrara Marmor, Achsabstand Auslauf 15,5 cm, Umsteller mit Drucktaste 2-Wege / Keramikoberteil.
Grupo bañera repisa, manetas en Mármol Blanco Carrara, distancia a chorro 15,5 cm, desviador con pulsador 2 salidas / Cartuchosde disco cerámico.

ART. A265CY
Gruppo bordo vasca, maniglie in Marmo Nero Marquinia, interasse bocca 15,5 cm, deviatore a pulsante a 2 uscite / Vitoni ceramici.
Deck-mount bathtub mixer, handles in Marquina Black Marble, spout projection 15,5 cm, 2-way diverter with pushing button / Ceramic cartridges.
Mélangeur bain-douche sur gorge, manettes en Marbre Noir Marquinia, entraxe bec 15,5 cm, inverseur 2 sorties avec bouton / Têtes céramiques.
Wannenrandmischer, Griffe aus Schwarzen Marquinia Marmor, Achsabstand Auslauf 15,5 cm, Umsteller mit Drucktaste 2-Wege / Keramikoberteil.
Grupo bañera repisa, manetas en Mármol Negro Marquinia, distancia a chorro 15,5 cm, desviador con pulsador 2 salidas / Cartuchos de disco cerámico.

ART. A267
Gruppo bordo vasca, deviatore a pulsante a 2 uscite / Vitoni ceramici.
Deck-mount bathtub mixer, 2-way diverter with pushing button / Ceramic cartridges.
Mélangeur bain-douche sur gorge, inverseur 2 sorties avec bouton / Têtes céramiques.
Wannenrandmischer, Umsteller mit Drucktaste 2-Wege / Keramikoberteil.
Grupo bañera repisa, desviador con pulsador 2 salidas / Cartuchos de disco cerámico.

ART. A267CX
Gruppo bordo vasca, maniglie in Marmo Bianco Carrara, deviatore a pulsante a 2 uscite / Vitoni ceramici.
Deck-mount bathtub mixer, handles in Carrara White Marble, 2-way diverter with pushing button / Ceramic cartridges.
Mélangeur bain-douche sur gorge, manettes en Marbre Blanc De Carrara, inverseur 2 sorties avec bouton / Têtes céramiques.
Wannenrandmischer, Griffe aus Weißem Carrara Marmor, Umsteller mit Drucktaste 2-Wege / Keramikoberteil.
Grupo bañera repisa, manetas en Mármol Blanco Carrara, desviador con pulsador 2 salidas / Cartuchos de disco cerámico.

ART. A267CY
Gruppo bordo vasca, maniglie in Marmo Nero Marquinia deviatore a pulsante a 2 uscite / Vitoni ceramici.
Deck-mount bathtub mixer, handles in Marquina Black Marble, 2-way diverter with pushing button / Ceramic cartridges.

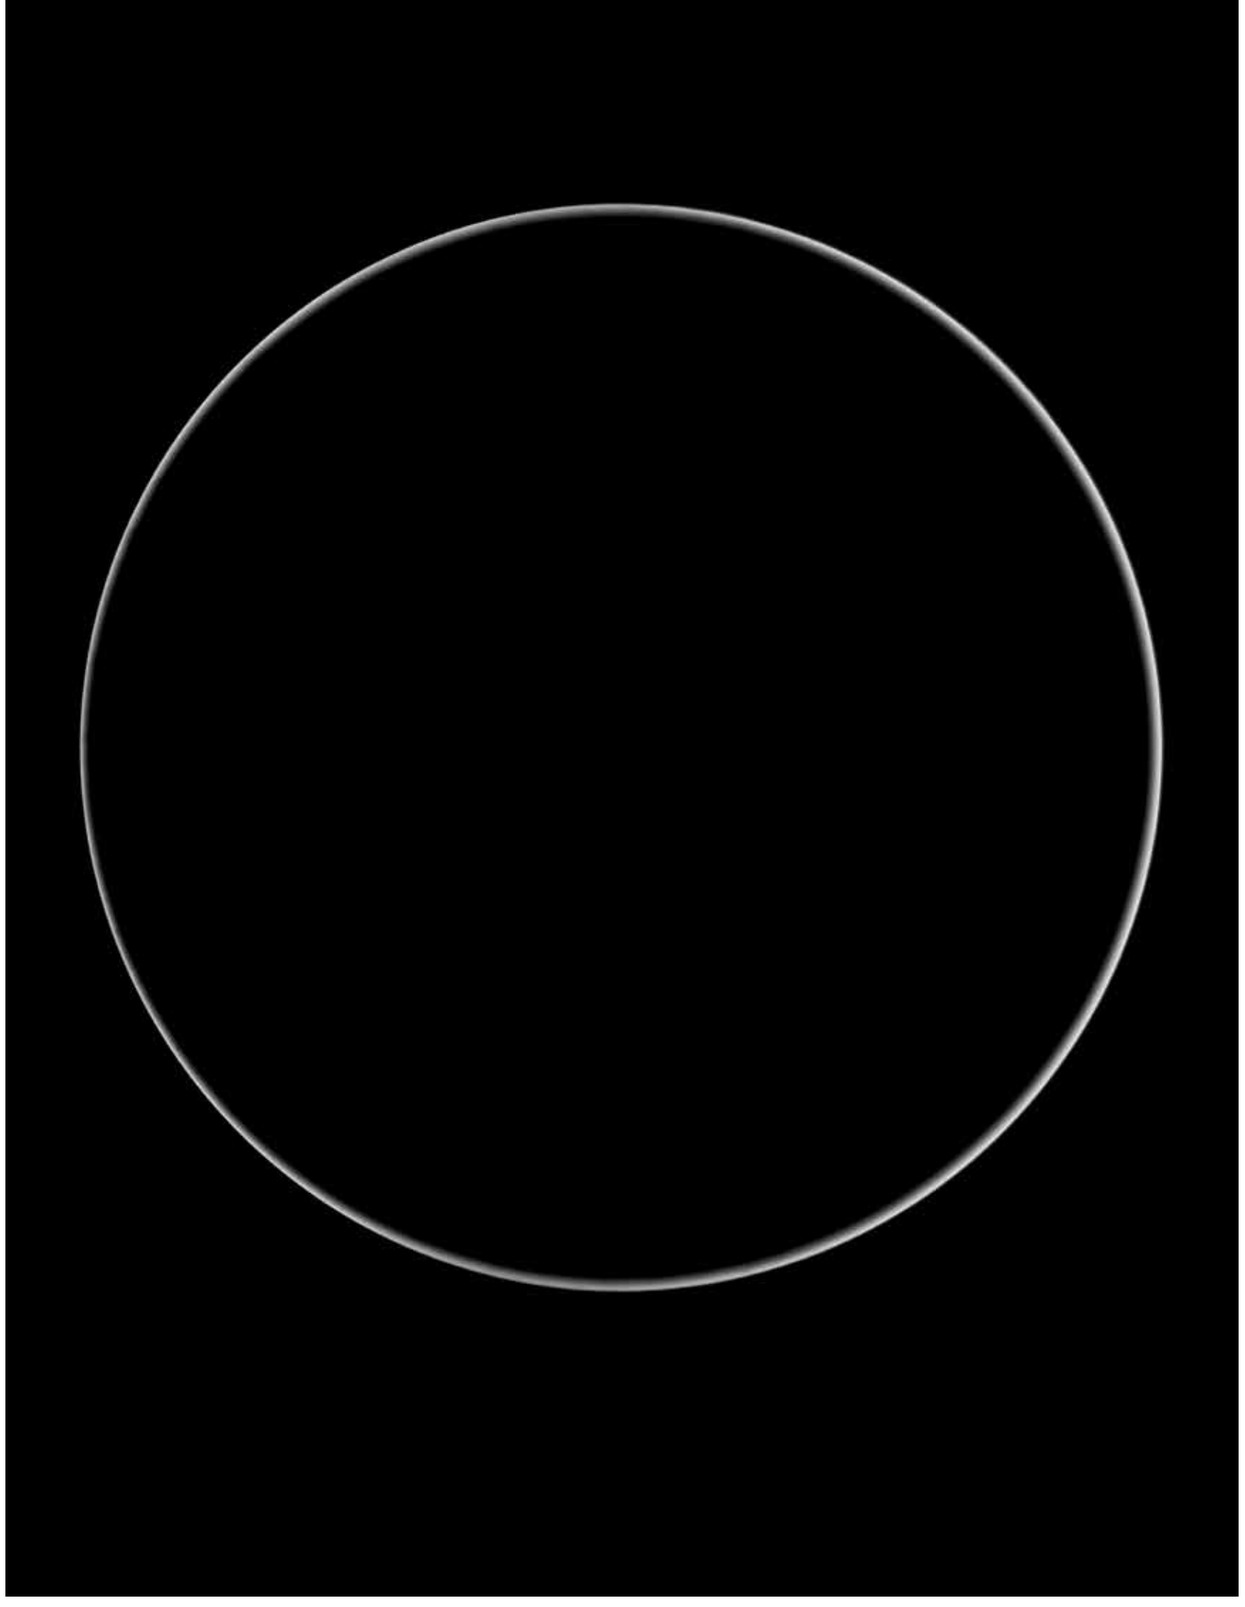
FONTANE BIANCHE

A TALE OF TWO FAMILIES

Salvatori+Fantini. Due aziende protagoniste della creatività imprenditoriale che ha dato lustro al design italiano. Entrambe a carattere familiare e sorte nell'immediato dopoguerra, costituiscono il punto di riferimento fra produzione e innovazione nel panorama delle piccole imprese italiane.
Nel 1946 Guido Salvatori dà vita a un'attività legata alla lavorazione della pietra vicino alla costa toscana e, appena un anno dopo, Giovanni ed Ersilio Fantini iniziano a produrre rubinetti sulle rive del lago d'Orta, tra le montagne del Piemonte.
Lo sviluppo di tecnologie avanzate e la ricerca estetica, accompagnate della passione per la tradizione artigianale, sono il terreno comune dove è maturata la loro collaborazione.
La rinomata abilità di Salvatori nel trasformare la pietra in texture e oggetti si coniuga perfettamente con l'esperienza e la maestria di Fantini nel lavorare il metallo per dare sempre nuove forme all'acqua.
Il risultato è il nuovo progetto Fontane Bianche, una fusione naturale e sorprendente tra la nobiltà della pietra e la presenza dell'acqua.

Salvatori+Fantini. Two companies which epitomise the spirit of Italian entrepreneurship and design. Both family businesses which at first glance are typical of the myriad of firms which form the backbone of the Italian economy. But upon a closer look, they share characteristics which perhaps set them apart from many of their counterparts.
Innovation has always been the cornerstone of both companies, right from 1946 when Guido Salvatori started a small stone business near the Tuscan coast, just a year before Giovanni and Ersilio Fantini began their own enterprise producing tapware on the shores of Lake Orta in the mountains of Piedmont.
A mutual passion for excellence and the desire to blend creativity with technology laid the foundation for a joint collaboration. Salvatori's renowned skill in transforming stone into beautiful textures and objects sits perfectly with the expertise and craftsmanship of Fantini and the result is Fontane Bianche, a natural and stunning fusion of stone and water.



FONTANE BIANCHE BY ELISA OSSINO

Il progetto nasce da una ricerca sulle forme archetipe tradotte in geometria pura e reinterpretate in chiave contemporanea.
Metafora del rapporto tra psiche e materia, il dialogo tra cerchio e quadrato attraversa tutta la collezione: il lavabo è un blocco quadrato in marmo da cui è sottratta una semisfera, la semisfera diventa una ciotola su un piano rettangolare sottile come un foglio, i raggi del cerchio diventano i rubinetti.
La ricchezza dei materiali – marmo e pietre per i lavabi e finitura in metallo brunito per i rubinetti – esalta la purezza delle forme.
La collezione prende il nome da una località con le sabbie bianche in Sicilia vicino Siracusa, chiamata così per le numerose fontane naturali di acqua dolce che sgorgano nel mare.
La ninfa Aretusa, correndo libera tra i boschi del Peloponneso, fu vista da Alfeo, che si innamorò perdutamente di lei. La giovane per sfuggirgli chiese aiuto ad Artemide, che la avvolse in una spessa nube sciogliendola in una fonte sul lido di Ortigia.

The collection was inspired by studying archetypical shapes translated into pure geometry and then reinterpreted in a contemporary way.
A metaphor for the relationship between psyche and substance, the dialogue between circle and square runs through the collection. A basin shaped from a marble square is softened by a sphere carved out of it. In turn, that sphere becomes a bowl, resting on a thin rectangular top. The rays of the circle become the tap.
The purity of forms is enhanced by the noble materials: marble and natural stone for the basins and burnished metal for the tapware.
The collection takes its name from the Sicilian beach known as Fontane Bianche (White Fountains) near Siracusa, famous for its rivulets of fresh water which run into the sea.
Running freely among the forest of the Peloponnese, the water nymph Arethusa was spotted by Alpheus, who became madly in love with her. In order to escape, she begged assistance from Artemis, who wrapped her in a thick cloud and dissolved her in a spring on the shores of Ortygia.

PROGRAMMA DOCCE

SHOWERS PROGRAM / DOUCHES / DUSCHEN / DUCHAS / ДУШЕВЫЕ СТОЙКИ / 淋浴产品

l'acqua è la nostra passione

water is our passion/ água é a nossa paixão/
вода - наше призвание/ 水是我们的激情

L'azienda Fantini ha sede a Pella, sulle sponde del Lago d'Orta, il più romantico dei laghi italiani. La famiglia Fantini è da sempre profondamente radicata in questo piccolo borgo molto speciale dove l'acqua è protagonista assoluta. Il design fa parte del DNA dell'azienda: qui si creano prodotti d'uso di alta qualità per la vita quotidiana, che rinnovano di continuo la piccola grande magia di portare l'acqua dentro le nostre case.

Fantini's headquarters are in Pella on the shores of Lake Orta, the most romantic of Italian lakes. The Fantini family is deeply rooted in Pella, their small treasured village where water has a leading role. Design is part of the company DNA, high quality products are created here for daily life to bring water into our homes, continuously renewing a little drop of magic.

A sede da Fantini fica na costa do Lago Orta, o mais romântico dos lagos italianos. A família Fantini está enraizada em Pella, uma pequena e maravilhosa aldeia onde a água tem um papel de liderança. O Design faz parte do ADN da empresa, produtos de alta qualidade são aqui criados para a vida do dia-a-dia para trazer água às nossas casas, renovando continuamente uma pequena gota de magia.

Штаб-квартира Fantini располагается в Пелле на озере Орта, самом романтическом из итальянских озер. Семья Fantini имеет глубокие корни в Пелле, небольшом поселении, в котором вода играет ведущую роль. Дизайн - часть ДНК компании, продукты высокого качества создаются здесь для ежедневного использования, для того что бы принести воду в наши дома.

Fantini 的总部位于意大利最浪漫的湖泊奥塔湖畔的佩拉。

Fantini 家族世代生活在佩拉，这个小而珍贵的村庄里，水在其中起着重要的作用。

设计灵感融入到公司血脉，让神奇魔力在持续更新中点滴汇聚，只为每日生活创造出至臻的产品，将淳净之水引入我们的家园。

fantini: manifattura italiana

italian manufacturing/ manufaturação italiana/
Итальянское производство и/ 意大利制造

Tutti i prodotti con marchio Fantini e marchio Aboutwater sono fabbricati in Italia, con materiali e processi industriali che rispettano l'ambiente e la salute, assicurano lunga durata, inalterabilità nel tempo, igiene e facilità nella pulizia.

All products branded Fantini and Abouwater are manufactured by means of health- and environmentally friendly materials and industrial processes in Italy, which ensure durability, inalterability over time, hygiene and easy maintenance.

Todos os produtos da marca Fantini e Abouwater são fabricados respeitando as regras de saúde e meio ambiente, usando materiais e processos industriais, em Itália, que garantem durabilidade, inalterabilidade a longo prazo, higiene e fácil manutenção.

Вся продукция Fantini и Aboutwater производится из материалов безопасных для здоровья и окружающей среды, в Италии. Продукция надежна, не меняется со временем, гигиенична и ее легко содержать в порядке.

Fantini和Abouwater品牌的所有产品均为意大利制造，其材料和生产工序均尊重健康环保，以确保产品长久耐用、且卫生和易于维护。
