TARİHÇE

Köklü bir İtalyan markası olan BOCCHI, 1950'den günümüze 'il bagno per tutti' mottosuyla, modern ve insan odaklı tasarım anlayışını, yüksek teknoloji ile birleştirerek yaratıcı, yenilikçi ve insana değer veren kuruluş olma vizyonuyla iş ortaklarına ürün ve serviste her zaman iyi, kaliteli ve yenilikçi çözümler sunmayı ilke ediniyor. BOCCHI, seramik ile topraktan başlayan yolculuğunu, bugün tüm faaliyetleri ile topluma ve doğaya olan sorumluluklarının bilinci ile banyo ve mutfak ürünleri sektörünün öncülüğünü yapıyor.

HISTORY

A well-established Italian company, BOCCHI is committed to combine its modern and human-oriented design approach with high technology and offering creative, high quality and innovative solutions with its products and services to its business partners at all times with a vision of being a creative, innovative organization that attaches great value to under its motto 'il bagno per tutti' dating back to 1950's. With a journey from soil to ceramics, today BOCCHI leads the industry in bathroom products with its activities and the awareness of its responsibility for society and nature.

STORY

BOCCHI è una azienda italiana attiva dal 1950 il cui motto è sempre stato 'il bagno per tutti'; unendo una tecnologia di ultima generazione ad una visione che ha come fulcro la modernità e l'uomo, è divenuta una società creativa che dà importanza all'innovazione e alle persone e che si è posta come obiettivo quello di realizzare il principio di fornire ai suoi soci soluzioni buone, di qualità e innovative. Il viaggio della BOCCHI con la ceramica ha inizio dalla terra, a oggi è un leader nel settore la quale agisce con la consapevolezza della propria responsabilità verso la società e la natura.

TASARIM

Tasarım düşüncesinin artık salt obje ve üründen öteye geçtiği, bütüncül bir deneyime dönüştüğü çağımızda; ürünlerimizin tasarımından nihai tüketiciye ulaştığı sürece, tasarım düşüncesinin rüzgarını arkamıza alarak farklılaşan, hikayeleri olan ürünler ortaya çıkarmak önceliğimiz.

DESIGN

The idea of design now goes beyond mere objects and products and turns into a holistic experience in our age, our priority is to introduce differentiated products that have stories, driven by the idea of design, to the process where our products go through initial design to end users.

DISEGNO

In questa nostra epoca in cui il progetto del prodotto non è più un mero oggetto, ma un'esperienza totale, tutte le volte che il progetto dei nostri prodotti raggiunge il consumatore finale, vogliamo che questo crei la differenza, realizzando dei prodotti dotati di una loro storia.

HAYALİNİZDEKİ RENKLER BOCCHI'DE

Kalıplaşmış tasarımlarda alışılmış renkleri görmek yerine, banyolarınızda sizi yansıtan renkleri görmek istiyorsanız; BOCCHI 19 renk seçeneğiyle hayalinizdeki renkleri sizlerle buluşturuyor.

BOCCHI HAS THE COLORS OF YOUR DREAMS

If you want to see colors that reflect you in your bathrooms instead of usual colors with standard design, BOCCHI brings you together with the colors of your dreams through 19 color options.

BOCCHI POSSIEDE I COLORI DEI VOSTRI SOGNI

BOCCHI possiede i colori dei vostri sogni se nel vostro bagno volete vedere dei colori che sono il riflesso di voi stessi, invece dei soliti colori classici, BOCCHI vi offre una scelta di 19 colori in cui trovare il colore dei vostri sogni.

SIFIR PÜRÜZ YÜZEY

Avrupa'da bir ilk olan Sıfır Pürüz Yüzey teknolojisi, sırlı porselenlerin kir ile temas eden yüzeylerindeki istenmeyen lekeleri ve kireçlenmeleri en aza indirmek için geliştirilmiştir. Yıllar süren Ar-Ge çalışmalarıyla yaratılan Sıfır Pürüz Yüzey teknolojisi, normal sırlı porselen yüzeyden 19 kat daha pürüzsüzdür, hijyen ve kir tutma konusunda normal sırlı porselen yüzeye göre tartışmasız üstünlük sağlamaktadır.

SUPER SMOOTH SURFACE

Super Smooth Surface technology was developed by BOCCHI to minimize unwanted stains and lime formation on the surfaces of glazed porcelains that contact with dirt. Created through years of R&D work, Super Smooth surface is 19 times smoother than normal glazed porcelain surface. Super smooth surface technology is absolutely superior to normal glazed porcelain surface in terms of hygiene and dirt formation.

SUPERFICI EXTRA LISCE

Prima in Europa, la Superficie Super Smooth, con la sua Tecnologia antiporosità, è stata sviluppata per diminuire al minimo le macchie indesiderate e le macchie di calcare sulle superfici smaltate in porcellana che vengono a contatto con lo sporco. Questa particolare superficie extra liscia, realizzata dopo anni di ricerche presso il dipartimento R&S, presenta una porosità inferiore di 19 volte rispetto alla normale ceramica smaltata. La tecnologia extra liscia, presenta una superiorità ineguagliata rispetto alle superfici in porcellana classiche per quanto riguarda l'igiene e la resistenza allo sporco.

TEST SONUÇLARI
TEST RESULTS - RISULTATI TEST

	Sıfır pürüz sırlı porselen Supersmooth glazed porcelain Porcellana smaltata superfici extra lisce	Standart sırlanmış porselen Standard glazed porcelain Porcellena smaltata standard
Pürüzlülük Roughness Ruvidità	Rt. 1.300 Rmax. 1.243 Rz - D. = 0.953 Ra = 0.192	Rt. 24.275 Rmax. 23.507 Rz D = 18.153 Ra = 2.890

Rt.: Profil yüksekliği | Height profile | Altezza profilo

Rmax : Maksimum pürüz derinliği | Maximum porosity depth | Massima profondità porosità

Rz - D: Maksimum pürüzlülük Profil yüksekliği | Profile height of maximum porosity | Altezza profilo di massima porosità

Ra: Aritmetik pürüzlülük ortalama değeri | Average value of arithmetic porosity | Valore medio aritmetico di porosità

CLEAN PLUS+

“İLK GÜNKÜ GİBİ PARLAK”

BOCCHI'nin yeni uygulaması Clean Plus+ teknolojisi sayesinde lavabo ve klozetleriniz ilk günkü parlak görüntüsünü çok daha uzun süre koruyor. Clean Plus yüzey kaplama teknolojisi ile seramik yüzeylerin pürüzlülüğü bir kat daha azalırken, sıvıların yüzey geriliminin artması sağlanıyor.

Bu sayede hidrofobik hale gelen yüzey lekelenmeleri, kirlerin yapışmasını ve kireçlenmeleri engelliyor. Daha az kirlenen, güçlü temizlik maddeleri gerektirmeden çok kolay temizlenebilen banyo ürünlerinizin üstünden yumuşak bir bezle geçmek ilk günkü parlaklıklarını korumak için yeterli oluyor.

CLEAN PLUS+

“SPARKLE JUST LIKE THE FIRST DAY”

Washbasin and toilets maintain their bright state of the first day for a much longer period thanks to the Clean Plus+ technology, the innovation of BOCCHI R&D family. Clean Plus surface coating technology makes ceramic surfaces twice as smooth while increasing surface tension of liquids.

This way, it prevents hydrophobic surface stains, adhesion of dirt and lime formation. Your bathroom products get less dirty and it's very easy to clean them without using strong cleaning agents. Rubbing with a soft cloth is enough to maintain their first day brightness.

CLEAN PLUS+

“BRILANTE COME IL PRIMO GIORNO”

Grazie alla tecnologia, ideata dal dipartimento R&S della società BOCCHI, i vostri lavabi e i vostri WC manterranno la brillantezza del primo giorno. Con la tecnologia di rivestimento Clean Plus+, le superfici in ceramica hanno una minore porosità, garantendo l'aumento della tensione superficiale del liquido.

Grazie a questo, le macchie sulla superficie divengono idrofobiche e viene ostacolata la persistenza dello sporco e del calcare.

Il vostro bagno si sporcherà di meno e non saranno necessari prodotti di pulizia aggressivi; dovrete semplicemente passare un panno morbido sulla superficie da pulire per proteggere la brillantezza del primo giorno.

ÇEVRE DOSTU KLOZETLER

BOCCHI, küresel ısınmanın beraberinde getirdiği kullanılabilir su kaynaklarının azalması sorunuyla mücadeleye katkı sağlamak için "Çevre Dostu Klozet"i geliştirdi. "Çevre Dostu Klozet", 4 kişilik bir ailenin yılda 30.000 litreden fazla su tasarruf etmesine katkıda bulunuyor. BOCCHI markasının sunduğu armatürler standartlara göre %50'ye varan su tasarrufu sağlar.

ECO FRIENDLY TOILETS

BOCCHI developed the "Environmentally Friendly Toilets" to contribute to fighting with the issue of water resource shrinkage caused by global heating. "Environmentally Friendly Toilet" allows a family of 4 persons to save over 30,000 liters of water a year. Faucets of BOCCHI offer up to 50% water savings compared to standard faucets.

VASI ECOLOGICI

BOCCHI ha sviluppato i vasi ecologici per garantire il suo apporto alla lotta contro la riduzione delle fonti idriche causata dal riscaldamento globale. I vasi ecologici, fa risparmiare 30.000 litri di acqua in una famiglia composta da 4 persone. Le armature offerte dalla BOCCHI, garantiscono un risparmio di acqua che può arrivare fino al 50%, in base allo standard.

BOCCHI
E C O

XL KLOZET

BOCCHI, banyoda konforu bir adım öteye taşıyor. BOCCHI XL klozet, 42 cm genişlik ve 60 cm boyu ile standart boyutlardaki klozetlere göre %30 daha geniş bir oturma alanı sunuyor. Yeni tasarım ile farklı beden ölçülerine sahip kullanıcılar için banyoda geçirilen süre daha rahat, daha konforlu bir hale geliyor.

XL TOILET

BOCCHI takes comfort in bathroom one step further. BOCCHI XL toilet offers 30% larger sitting area with its 42 cm width and 60 cm length compared to standard sized toilets. The new design makes the time spent in the bathroom more comfortable and convenient for users exceeding standard body sizes.

VASO XL

BOCCHI compie un ulteriore passo in avanti nel confort del bagno. Vaso XL della BOCCHI ha una larghezza di 42 cm e un'altezza di 60 cm offrendo una seduta più ampia del 30% rispetto alle sedute WC standard. Con il suo nuovo design, anche le persone dotate di un corpo dalle misure non comuni potranno trascorrere del tempo in bagno serenamente.

XL TOILET
42 cm

STANDARD TOILET
35 cm

JET FLUSH

DAHA HIJYENİK: BOCCHI Jet Flush özellikli klozetler taharet musluk kısmını da yıkar. Klozet temizliğinde tüm iç yüzeydeki alanlar %100 yıkanır.

DAHA SESSİZ: BOCCHI Jet Flush klozetlerin özel tasarımı sayesinde su klozetin içerisinde dönerek temizlik yapar.

DAHA GÜÇLÜ FONSIYON: BOCCHI Jet Flush özellikli klozetlerde bulunan "jet akış sistemi" sayesinde standart klozetlerden daha hızlı su boşaltma ve güçlü emiş ile daha etkin temizleme sağlar. Suyun tek yönde yıkama yapmasından dolayı yıkama sırasında hız kesmez.

JET FLUSH

MORE HYGIENIC: BOCCHI Jet Flush toilets flush the bidet nozzle area as well. All areas are washed 100% in toilet cleaning.

MORE SILENT: With BOCCHI Jet Flush toilets, the water cleans by circling in the toilet owing to the special design. It flushes more silently than the water sound made by standard toilets.

STRONGER FUNCTION: BOCCHI Jet Flush toilets make more effective cleaning through faster water discharge and stronger suction than standard toilets thanks to the "jet flow system". Water circle and flush from a single direction and therefore there is no collision of bodies of water. It doesn't reduce speed during flushing.

JET FLUSH

PIU' IGIENICO: Le sedute WC dotate del sistema Jet Flush della BOCCHI puliscono anche l'ugello del WC. Con la pulizia del WC tutte le aree vengono pulite al 100%.

PIU' SILENZIOSO: Grazie al particolare design delle sedute WC dotate del sistema Jet Flush della BOCCHI, l'acqua fluisce all'interno della seduta WC effettuando un lavaggio più silenzioso rispetto a quello che avviene con le sedute WC normali.

FUNZIONE PIU' POTENTE: Grazie al "sistema a spruzzo" delle sedute WC dotate del sistema Jet Flush, l'acqua viene scaricata più velocemente rispetto alle sedute WC normali e con la sua potente aspirazione la pulizia è più efficace. Con il suo sistema di pulizia l'acqua viene fatta girare in un solo verso, impedendo alle correnti di acqua di scontrarsi. Durante la pulizia non diminuisce la velocità.

RIMLESS KLOZET

Klozet içinde tüm noktalara ulaşarak temizleme imkanı veren Rimless klozetler, kireç tabakası oluşmasını engeller. Rimless klozet tasarımı sayesinde taharet musluğu bölgesini de yıkayarak, maksimum temizlik sağlayarak daha az temizlik malzemesi ile daha kolay temizlik imkanı sunar.

RIMLESS TOILET

Allowing access to and cleaning of all the areas in the toilet, Rimless WC further prevents the lime in the water from forming a limestone layer inside the toilet seat. Bocchi Rimless WC also wash the bidet nozzle area thanks to their design and make maximum cleaning. Easier cleaning with less cleaning agent.

VASO RIMLESS

I servizi igienici Rimless danno la possibilità di pulire tutti i punti del vaso, ostacolando la formazione di una lastra di calcare dovuta all'acqua presente nello stesso. Grazie al design dei servizi igienici Bocchi, viene pulita anche la zona del rubinetto posto all'interno del vaso, garantendo la massima pulizia. Pulizia molto più semplice con poco detergente.
